

消える星の光 VANISHING STARLIGHT

~Summary and introducing the characters~

Summary of the last chapter

A mysterious man called Revo decided that Noël would be making his major debut... Angry at himself, Noël burst out as a musical genius far calmer out to him. As he struck hard on composing songs, despite being plagued by negative thoughts, he happens to glance at the book Revo had left for him. He sees himself in the "only nightmare" depicted in the book...

"I thought I'd never know what I could have... what I'd be like... what I'd be able to do... what I'd be able to do..."

"I'm looking at the mysterious book just what is he thinking..."
